

Report for June 2011---partnership with PovSolve , **Wichita, KS**

PovSolve is a non-profit organization started by a high school sophomore student, Saajan. The mission of this was to find ways and means to solve poverty and eradicate it eventually. My contact with this organization started many months ago when they volunteered to feed the homeless in the “overflow shelter”. They established a partnership with us and it is incredible to watch their modus operandi.

PovSolve organized a series of fund raisers like a bowling evening, and “Chipotle” night and raised quite a bit of funds. The tsunami in Japan where life is still not back to normal definitely needs the World’ s attention. So the organizers of PovSolve announced a charity show titled “ Dance for a change in the world” . The idea was to contact many dance groups around Wichita which are popularizing on many forms of dance from around the world. When contacted all these groups were ready to perform for a noble cause.

Belly dancers showing off the glamorous dance moves of the Middle – East kept the momentum going. Dances from Hawaii, Argentina, China, Vietnam, SriLanka, India were unique in their own way. The story tellers from Africa were superb and won a standing ovation.

The youth of today are the pillars of tomorrow’s society. It was very heartening to see that the young group Pov Solve from Wichita, KS is already working on a golden goal of alleviating poverty from the US soil and around the globe. Long live our partnership and best wishes to these young SEVAKs.
